

GROWSCAPE

Grower Collection

Greenhouse | Nursery | Sustainable

Cultivating More Than *Containers*

At Growscape, we believe in the power of plants to transform spaces, enrich lives, and nurture the environment — and we're proud to be your trusted partner on that journey. Born from the proud legacy of two horticultural leaders, The HC Companies and Classic Home & Garden, Growscape brings together decades of expertise in greenhouse and nursery solutions with an expanded vision for innovation, sustainability, and customer success.

Rooted in the brand promise of “growing together,” Growscape is positioned as a one-stop destination for growers, retailers, distributors, and garden enthusiasts across North America. Our comprehensive portfolio of products — from greenhouse and nursery containers to sustainable solutions — is backed by world-class manufacturing, thoughtful design, and a deep commitment to environmental stewardship.

Greenhouse Solutions

For commercial greenhouse growers, we understand that efficient production starts with the right tools. Our greenhouse planters, trays, inserts, support systems, and propagation solutions are engineered for performance, durability, and adaptability — helping growers optimize space, improve plant health, and streamline operations. Each product reflects our deep understanding of the unique pressures and opportunities within the horticulture industry.

Nursery Essentials

Whether cultivating young plants or preparing specimens for market, nursery professionals rely on containers and accessories that support healthy root development and handling efficiencies. From injection, blow mold or thermoform nursery pots to propagation systems and trays, our products are designed to meet the rigorous demands of commercial growers — reducing labor costs and enhancing productivity.

Sustainable by Design

Sustainability isn't a passing trend — it's a fundamental part of who we are and how we do business. At Growscape, we've long been leaders in eco-efficient manufacturing and responsible product development. Our sustainable planters and containers incorporate recycled and biobased materials, align with rigorous environmental goals like reduced carbon and water footprints, and help growers and retailers address consumer demand for more planet-friendly solutions.

We're committed to advancing sustainability across every stage of the horticulture lifecycle — from where we get our raw materials through our manufacturing process on to a responsible end-of-life — we are setting an industry standard that supports both business outcomes and a healthier planet.

KEYSTONE POT + TRAY SYSTEM

Space-saving performance from greenhouse to retail.

WHY KEYSTONE?

Ship More, Spend Less

Up to 20% better space efficiency per shipment means more live plants per truckload, reduced freight costs, and fewer carbon emissions.

Increase Profit Margins

Cut logistics expenses without changing plant selection or greenhouse operations.

Supply Chain-Optimized

Automation-ready for increased efficiency and stackable for smooth handling across growing, packing, and retail distribution.

FEATURES & BENEFITS

Tag Slots

Designed for easy tag insertion on all four sides.

Multi-Level Drainage

Promotes healthier root systems.

Space Saving Shape

Our shape and size allows for maximized space saving.

Up to **20%** better space efficiency

Grow More. Ship Smarter.

Built for space efficiency across the supply chain.

1 PINT POT & TRAY

			
PART CODE	KEPP1000	KET010P13	KET12P14
PRODUCT DESCRIPTION	1 Pint Pot	10 Count Tray	12 Count Tray
LENGTH	3.5in	17.5in	21.1in
WIDTH	3.0in	6.0in	6.1in
HEIGHT	4.5in	4.8in	4.8in
BULK QUANTITY	52,416	3,520	3,520

1 PINT POT & TURNED TRAY

		
PART CODE	KEPP1000	KET12P13
PRODUCT DESCRIPTION	1 Pint Pot	12 Count Turned Tray
LENGTH	3.5in	18in
WIDTH	3.0in	7in
HEIGHT	4.5in	4.8in

MANUAL AUTOMATED SOLUTIONS

Looking for significant labor savings without purchasing automated equipment?

For Easy Filling...

Lay tray/pot combinations next to each other and pour potting material over the top. Smooth out excess for quick filling.

1

Empty your box of 4.50 Square Quick Lock Pots (**SQQ04500**) onto a work surface so the bottoms of the pots face the sky. Remove the box.

2

Grab the accompanying tray (**TRK15451**) with the bottom facing the sky and firmly push against the bottom of the pots until you feel a "snap."

3

Grab the accompanying tray (**TRK15451**) with the bottom facing the sky and firmly push against the bottom of the pots until you feel a "snap."

*Our mission is simple:
To make life easier by leading the way in garden & decor with
the most innovative and sustainable solutions.*

CREATING THE *Perfect* HANGING BASKET

Growscapes decorative hanging baskets are available in various sizes, colors, and design trends, making them ideal for pre-assembled arrangements sold at garden centers and big-box stores throughout the growing season. Resin hangers are available in matching colors and wire hangers are available for additional strength.

TRAYS, FLATS & SHEETS

Our trays, flats, and sheets are available in a wide variety of cell configurations and capacities.

-  They easily de-nest for soil filling and rooting in automated operations
-  Consistently formed for overall strength and durability
-  Feature uniform drainage holes
-  Carefully trimmed for accuracy

ARE YOU SUPPORTING YOUR PLANTS?

Trellis Support Systems

A container trellis is a great way to merchandise vining and crawling plants at retail, while training the plant to grow vertically. They also help prevent vining and crawling plants from entangling during shipping.

Support Rings & Cages

Plants with weighty flowers often utilize plant support rings and cages to help brace delicate stems from falling over and breaking. They also help protect the plant during shipping.
