FALL IS THE BEST TIME TO PLANT PERENNIALS

Even though above-ground growth is winding down, root development continues as long as the soil is not frozen.

See the results next year with larger plants that are better established and need less care than spring-planted perennials, especially when it comes to watering

3" Pot: \$3.00 4" Pot: \$4.00

5" Pot: \$5.00 6" Pot: \$6.00
